3-7 June 2026

Discover the Chichester in Bloom Trail

A city-wide celebration of 30 years of the Festival of Flowers

Step beyond the Cathedral and explore a trail of floral creativity across Chichester city centre, where businesses have transformed their shopfronts into blooming installations.

Created in collaboration with independent florists Flower and Hedge Rose.

The talent behind the trail...

Flower Chichester

Lisa Sheridan | Flower Chichester | North Street

With more than 25 years in floristry, Lisa brings a wealth of experience and bold creativity to Chichester in Bloom, helping transform the city with eye-catching floral installations alongside her work for the Cathedral's Festival of Flowers.

"It's wonderful to be part of something that will bring so much colour, creativity and energy into the city."

Hedge Rose

Meg Windell | Hedge Rose | The Hornet

Known for her beautifully natural, country garden style, Meg has been creating bespoke floral designs for more than 20 years.

"One of the loveliest parts of this project has been getting to know the businesses and the people behind them. Each installation is different because each business is different."
